 : 040-27801668 & 29562558

Registration at the Venue: 8.30 AM on 8th March

Make in India/skill
India initiatives from

**Quality Circle Forum of India
Hyderabad Chapter**

**ONE DAY WORKSHOP
ON**

Supply Chain Management.!

(Optimising COST Reduction)

Date & Time

10th March 2023 (Friday) 8.30am - 05.30pm

Venue:

Hotel Metropolis Hyderabad

218, Sona Arcade, St. Mary's Road, opp. Regional Passport Office, Secunderabad

Organized by

QCFI - Hyderabad Chapter

Program Module & Objectives :

New India, Atmanirbhar Bharat is ready to replace China as a global manufacturing hub, with our Make in India initiatives. This needs new SCM—Supply Chain Management concepts, new tools & techniques, methods to **REDUCE COST** of our operations. To speed up growth & compete globally, cost is the main factor apart from quality. Traditional legacy systems needs to be applied in a different way to ensure optimum utilization of all supply chain inputs. Available resources-materials, methods, inventory, machines, needs to be reaudited wrt QCDIPS parameters. Cost- Price- Expenditure, Profit are no longer accounting jargons. Organisational competitiveness is totally dependent on input costs, and the Workforce needs to be trained to appreciate this philosophy. Out of box initiatives & thought process is the prime requisite today.

All participants will have rare opportunity to interact with 40++ employees, mentors/role models to revisit, relearn and upgrade their skills thru this program. This will bring more synergy in the work force.

Naya SOCH, Naya approach is the need. Before/after covid (BC to AC) we need to rework on this. How to produce more with same resources, aim for excellence will be the focus. Navigate to get naya DISHA, and go back to work with Naya JOSH.

Topics.. SCM Workshop will focus on:

- ◆ Revisit, Review Cost, Price, Value engineering.
- ◆ JIT.. Just in time Japanese MM, SCM concepts.
- ◆ Zero Inventory, WCM, Integrate Service levels.
- ◆ Inventory Classification, Control, Stocking policies.
- ◆ Music 3D Inventory techniques.
- ◆ Vendor management, contracts negotiations.
- ◆ Purchasing / Stores systems, Lead times.
- ◆ Material preservation, storage, Stock verification.

- ◆ Min-Max Levels / Stocking, consumption norms.
- ◆ Spare parts planning & maintenance management.

QCFI Coach, Course Faculty :

VC.IYER, M.Tech.,FIE (Mech). Author of many management books on Human Engineering, & Production, Quality Management Systems. Has worked in BHEL, NTPC, & Aditya Birla group. Was member of Chamber of commerce. Has trained 55000 ++ Corporate Executives both in India & abroad. Visiting Professor for several Engineering Colleges. Life Member of QCFI.
